Project Information:
• Project Name: TestMeQA

• Version: 1.0

• Test Environment: Google Chrome, Mozilla Firefox, Microsoft Edge.

Test Execution Summary:

	Chrome on PC Test Result	Mozilla Firefox on PC Test Result	Microsoft Edge on PC Test Result
Total Test Cases	60	60	60
Total Passed	36	36	36
Total Failed	24	24	24
Not Executed	0	0	0

Overall Test Execution Result:
• Total Passed: 36

• Total Failed: 24

• Not Executed: 0

• Pass Percentage: 38.9%

• Fail Percentage: 61.1%

• Not Executed Percentage: 0%

Recommendations:
• The development team should resolve the identified defects Based on priority.

• Re-run the failed test cases after defect resolution and also perform comprehensive regression testing to ensure that no new defects have been introduced as a result of the changes made during defect resolution.

• Perform a root cause analysis for the failed test cases to prevent similar issues in the future.
